Calepino de Motul

Diccionario Maya-Español

TOMO II

Ramón Arzápalo Marín

Edición computarizada, sistematización de la ortografía del maya y modernización del español. Índice de vocablos mayas y su localización; índice inverso del maya; clasificación gramatical, semántica y pragmática de las entradas léxicas. Clasificación científica de términos de fauna y flora. Adición de traducciones al español faltantes en el documento original. Lista de expresiones latinas, muestras de las concordancias y transcripción paleográfica.
